PROFESSIONAL EXPERIENCE

imcure, Business Development Intern

April 2026 - June 2026

- Owned the design and development of the imcure website using HTML, Next.js, and Tailwind CSS, improving page load speed and customer experience across 10+ pages.
- Redesigned the as-is manual KYC into a to-be digital onboarding workflow, cutting manual verification time by 30%.
- Developed the payment page, integrating a secure payment gateway to support end-to-end digital transactions.
- Built an MIS platform using Excel and Google Sheets, automating policy and sales reporting (data flows, KPI tracking) and reducing manual effort by 25%.
- Integrated third-party partner APIs (diagnostics labs, doctor consultation) and set up Google Ads conversion tracking to measure customer acquisition and funnel drop-off.
- Gathered requirements across product, technology, and business teams, contributing to 4+ deliverables that improved imcure's digital platforms.

Cogniable, Physiotherapist

April 2024 - April 2025

- Collaborated with multidisciplinary teams and parents to gather needs and design personalized therapy plans (requirements gathering), improving engagement and communication.
- Conducted 20+ client progress meetings and prepared structured outcome reports to support data-driven decision-making.
- Introduced Excel-based tracking and standardized documentation, cutting documentation time by 20%.
- Led 6+ parent engagement sessions (user adoption), improving home compliance by 35%.
- Ensured quality and compliance with ethical standards and child safety protocols; managed structured intervention programs across stakeholders, tracking progress and outcomes.

Park Hospital, Intern

Sep 2023 - March 2024

- Coordinated across multiple wards with doctors, nurses, and admin teams to ensure service efficiency and accurate reporting.
- Managed high-volume documentation and reporting with zero compliance issues, ensuring timely cross-department communication.

EDUCATION
